1000 NAVY PENTAGON
WASHINGTON DC 20350-1000

AUG 21 2012

MEMORANDUM FOR DISTRIBUTION

SUBJECT: Cancellation of Standard Equipment Data Elements for Government Furnished Property Baseline Establishment

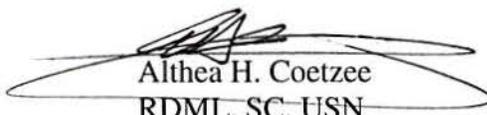

DASN (AP) Policy Memorandum dated June 29, 2012 is hereby cancelled. This Policy Memorandum was issued to provide Department of the Navy (DON) guidance to satisfy the intent of the Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD AT&L) Policy Memorandum dated January 7, 2012, which directed DoD Components to establish a validated Government Furnished Equipment (GFE) baseline for data storage in a central repository [Item Unique Identification (IUID) Registry] available to components and contractors to ensure records are updated.

Subsequent to releasing the DASN (AP) Memo, the DON Financial Management Office (FMO) convened a Property Governance Council (PGC) to address baseline accountability not only for GFP, but for all DON property and equipment assets. The PGC's efforts will focus on developing a DON-wide program and methodology to account for all Government property—including GFP—under an Accountable Property System of Record that will deliver a sustainable and auditable record of all DON property and equipment assets.

Until the PGC has issued guidance, please refer to the USD AT&L memorandum dated January 7, 2012. For your convenience, this USD AT&L memorandum is available at:

http://www.acq.osd.mil/pepolicy/accountability/accountability_GFP.html

DASN (AP) point of contact is Molli Thacker at marlene.thacker@navy.mil or (703) 693-2936.
